

South Deck Project
3000 South Ocean Blvd

Project Status Report and update
September 7, 2018

1. Clarification on comments made by the Chief Plumbing Inspector of Boca – received an email stating that “he was not involved in any geothermal wells installed in Boca in his four years with Boca.”
2. Received email from Ingrid Allen Senior Planner Development Services of Boca requesting 24 hard copies of the plans. This is for internal review by different groups in preparation for the Environmental Advisory Board (EAB) and Special Conditions (SC) meeting that is tentatively set for November 15, 2018. Plans being delivered September 10, 2018.
3. Received an Invitation to attend an Association meeting on September 17, 2018. Planning on attending.
4. Working on finalizing the hard and soft cost budget for the project. Waiting on additional information from consultants.
5. Spado Construction contract forwarded on to the Association for review and comment.
